Using eBooks at the Louisville Public Library

To use Library eBooks, what do I need?

- **A Louisville Library card**
- **A computer with Adobe Digital Editions installed**
- **If you want to download and transfer to an eReader, you will need a compatible eReader. Library eBooks work with these, but other devices are being tested and added to the list:**
  - **Sony® Reader**
  - **Nook™ (Barnes & Noble)**
  - **Kobo (Kobo™)**

  (see the complete list @ http://www.overdrive.com/ resources/drc/compatibleebookdevices.aspx)

What about Kindles, iPads, and Androids?

- **Public libraries can only circulate DRM-protected Adobe® EPUBs**
- **Amazon® works with Kindle™**
- **Apple® iTunes works with iPad**
- **Google™ works with Android™ devices**

Download and Transfer Instructions

Step 1. Download required software

OverDrive eBooks are Adobe EPUB format and work on the Adobe Digital Editions application. You must download this software to your computer before you can download to an eReader.

Go to the Front Range Downloadable Library @
http://frontrange.lib.overdrive.com

- On the left side navigation, scroll to the **Software** heading near the bottom.
- Click on Adobe Digital Editions and download and install this application
- Activate the Adobe Digital Editions software using an Adobe ID*****; this allows you to transfer to an eReader and use eBooks on multiple computers. **NOTE: if you bypass this step you will not be able to transfer to other devices.**
- Plug in your eReader and follow the steps to activate/ authenticate your reader. You must use the same Adobe ID on your device that you used on your computer.******

Step 2. Check out and download eBooks

Browse the Front Range Downladable eBook collection at **http://frontrange.lib.overdrive.com**. A link to the downloadable content is also available on the Library homepage, **http://www.louisville-library.org**

- Once a selection is made, click **Add to Cart** and **Proceed to Checkout**
- Choose a loan period and click **Download**. You may check out 4 titles.
- Follow the prompts to open or save the book.

Step 3. Transfer to your device

- With Adobe Digital Editions open, plug in your device. It will appear as on icon on the left hand pane, below the list of bookshelves (e.g. borrowed, purchased, recently read).
- Click and Drag your book title to the eReader. It will copy the document.
- Unplug your device and read!

How do I return books?

To return Adobe eBooks early…

1. Open Adobe Digital Editions.
2. Select the **Library View** icon (in the upper left corner). The Adobe Digital Editions library is displayed.
3. Under the **Bookshelves** heading, select **Borrowed**.
4. Click the eBook you want to return.
5. Click the **Item Options** arrow (in the upper left corner of the selected eBook).
6. Select **Return Borrowed Item**.

Click **Return** to verify that you want to return the title. The eBook is returned to the library collection. This will allow you to borrow again.

*To learn more about Adobe Editions and the use of Adobe IDs go to: **http://www.adobe.com/products/digitaleditions/faq/**

** NOTE: Sony readers require Firmware v1.1 and the Sony Reader™ Library Software to be installed on your computer. The first time you plug in your eReader to your computer, you will be prompted to install Reader™ Library Software. Once installed, you should see the icon for your Sony Reader in the left hand pane of Adobe Digital Editions. You may have to re-open the application for the icon to appear the first time.
